

NewsCatcher INTRO TO NEWSPAPERS

This NewsCatcher mimics an old-time paper toy.

Folding the NewsCatcher

- Neatly cut or tear along the bold lines.
- Fold along all horizontal lines. Unfold.
- Fold along all diagonal lines. Unfold.
- Flatten the sheet
- Fold each outside corner under on the diagonal line, forming a smaller square.
- Fold outside corners towards the inside center.
- Pull new outside corners up toward center, allowing lower flaps to open as finger holes.

The outside squares name the functions of a newspaper. The eight 3-part triangle segments inside describe features found in a newspaper.

Holding the NewsCatcher in one hand with your thumb and fingers, open and close to find all eight features. Follow the instructions to complete the scavenger hunt. Or simply use this as a fun way to read a newspaper.
